

Cwtch - a Carmarthenshire catering company working with Glansevin
Mansion to create your fairytale wedding day

PLAS GLANSEVIN

About us

Diana and Marc are experienced chefs who have worked in the industry for many years; both share the same passion and ethos for dining and delight in delivering the highest quality experience for their clients.

We delight in providing a bespoke service with plenty of “wow factor” to make your memorable day extra special.

Our company name - Cwtch - it means an affectionate hug. There's no literal English translation, but its nearest equivalent is "safe place". So if you give someone a cwtch, you're giving them a "safe place". This is the approach we use with our clients.
